MISSION STATEMENT:

To be a world-class supplier of tools and gages to the Fastener Industry-innovative in design and always attentive to the needs of our customers.

COMPANY:

COMPANY:

Universal Punch Corp., an ISO 9001:2008 registered company, has been a leader in the tooling and gaging industry for over 45 years. As part of our continuing commitment to providing precision and excellence in all of our products we have expanded into a state of the art 65,000 ft² facility. Our spacious new plant is equipped with increased machining capacity, expanded heat treating facilities, calibration and inspection laboratory. Our laboratory ensures that all products sold conform to specifications ISO 17025 standards. All measuring equipment and gaging masters are directly traceable to N.I.S.T. Universal Punch Corp. will be able to service your tooling and gaging requirements well into the twenty first century.

Jessie Lopez,
Quality Manager

TOOLING SERVICES:

Universal Punch Corp. is a high precision tool and gage manufacturer using high tech applications to make a wide range of products to meet today's increased demands for superior performing tools and high precision gaging. With three decades of experience Universal Punch Corp. is known for maximum quality and dependability. Our modern vacuum heat-treating facility provides the control necessary to make tools with the highest structural integrity and tools that will withstand the severest heading application of warm and cold forming. In addition, complete inventories of standard tooling are available for immediate delivery in a variety of materials, finishes and coatings.

- Many popular tooling/associated drive systems with world wide inventories.
- Phillips 2 • Type 1A- PZ Drive
- Six Lobe • 6-Lobe Extra Plus
- Hexagon Pins
- 8-Point Drive • ISO Hexalobular
- 12-Point Drive • Struck Slot
- 6-Lobe combination
- Hexagon Sockets • Square Socket
- Indented Hexagon • Cruciform • K.O. Pins • Extrusion pins and Special Form Punches in steel and carbide.

GAGING SERVICES:

- GO/NO-GO Gages • Penetration Gages • Final Inspection Gages • Plug Gages • Ring Gages • Test Blocks • Concentricity & Run-out Gages • Variable Reading Thread Gages Internal & External • Length Gages • Thickness Gages • Web Thickness Gages • Driver Bit Gages • Recess Wobble Gages • Screw Recess Wobble Gages • Screw Testing Fixture • Protrusion Height Gages • Pro-Modular Gage Systems • Special Gaging Fixtures • SPC Data Collection Systems and ISO Gage Calibration Service.

SPECIALITIES:

We have a full engineering staff using CAD/CAM systems for drawing and CNC machine programming. Our manufacturing processes consist of a large number of special CNC grinders, CNC lathes, Mills, Wire EDM and conventional EDM to ensure quality and reliability of products. We have a full in-house lab, temperature and humidity controlled for internal and customer calibration of gages all traceable to N.I.S.T. Our SIP 305 and Video-Microscope gives us current state of the art measuring technology.

MARKETS SERVED:

Universal Punch Corp. is dedicated to the foreign marketplace. Agents or distributors located in USA, Canada, Argentina, Brazil, Mexico, Spain, England, France, Germany, Italy, Turkey, Taiwan, Japan, India, South Korea, China, Singapore and Australia are ready to assist you.

SPECIAL ACHIEVEMENTS:

ISO 9001/2008 by Underwriters Laboratories Inc. with the quality emphasis on ISO 17025 Laboratory Accreditation, and compliance to ISO 13485 Medical Devices; Self Retaining Driver Systems for Medical Screws. The development of the Universals two-piece Hexagon Tooling system, carbide Six-Lobe punch, ISO Hexalobular, Hexagon drive system along with the patented Concentricity Runout Fixture and many types of Fastener Gages. "May We Be Of Service For You Tooling & Gaging Requirements".
